ET Caseload Report Enhanced

Effective 2/08/03 the ET Caseload Report (CR001) will be enhanced as requested by numerous field staff.

Currently all Medicaid cases are combined and totaled in the ME column on the summary page, whether they are attached to another program or stand-alones. This enhancement will capture the stand-alone Medicaid cases in a separate column titled ME-Only.

The *Caseload Summary Information* page will display the ME-Only column between the ME and AP columns. Medicaid cases that will be counted in this new column are:

- stand-alone AF related Medicaid;
- stand-alone AP related Medicaid; and
- Medicaid on the same number as Food Stamps or General Relief.

Medicaid on the same number as Temporary Assistance or Adult Public Assistance programs will continue to be included in the ME column.
